

Mount Greylock Regional School District Building Committee
Minutes of Meeting of November 8, 2005

Members present: Irene Addison, Ann McCallum, Thomas Bartels, Jack Hickey, Nat Karns, Andy Hogeland, Lyndon Moors, Bob Ericson, Beth Goodman

Others: Mark Amuso, Bill Travis, Sally White, Matt Voison

The meeting was called to order at 4:00 p.m.

The committee conducted sequential interviews of the architectural firms Dore & Whittier and DRA. Each firm gave a presentation of approximately 20 minutes and answered questions for approximately 40 minutes.

The committee members then discussed their impressions of these firms, as well as the two firms who had been interviewed the previous evening. The committee did not reach a final decision, but decided that designated members would conduct further checks on experiences in past projects, and would meet again to discuss the results and finalize the recommendations. Andy Hogeland agreed to tell the School Committee that there would not be a recommendation this night, and to ask the school committee to meet next week to receive the recommendations.

The committee discussed the time allowed for completing the feasibility study and the need to evaluate further whether there is enough time to conduct the public education and outreach which would be needed to promote support for the School Committee's decisions in March 2006. This discussion will be continued at a later meeting.

The meeting adjourned at approximately 7:30 pm.
