Computer Graphics & Multimedia II
Final Project

<u>**Points of Interest:**</u>

1. Folder, sub-folder & files appropriately named for clarity & ownership.
2. Appropriate use of stills.
3. Appropriate Theme/Idea.
4. A well-defined project storyboard created and printed from Inspiration.
5. Appropriate use of **Sound Companion 2** to create the sound track (WAV) files. (These files individually imported into QuickTime Pro can have their volumes adjusted INDIVIDUALLY!) **Be sure to set the Windows CD Microphone properly – See Sound Companion Booklet 1.**
   - Create multiple sound files –
   - Voice Overs volume set at Level 7.
   - CD Audio Tracks recorded at Level 3 – 4.
   - MIDI Files recorded at Level 3 – 4.
   - Appropriate timing of sound tracks.
   - Music/Sound/Voice matches the scene, blends in to enhance the scene action.
6. **Appropriate use of video:**
   - Original – appropriate action that shows a well thought plot was well rehearsed and enhances the production.
   - Additional Source – avoided plagiarism and did not take up more than one fourth of final production.
7. Demonstrates a good use of **Videowave** to combine stills, transitions, special effects & text:
   - Good use of stills (set for at least five seconds).
   - Appropriate scene transitions.
   - Appropriate special effects – not too many …not to little…enhances the final production.
   - Produce project as an MPEG-1 movie file.
8. Appropriate use of **Paint Shop Pro**:
   - Create a blank JGEP file for use in Videowave for text use and production credits.
   - Modify and enhance stills and other photos.
9. Appropriate use of **QuickTime Pro**:
   - Open movie as an MPEG.
   - Add various sound files as Audio File:
     - Must make sure that the dark triangle is at a place where you want to insert your audio file/sound track.
   - Timing is important – must coordinate sound track(s) with movie length for appropriate sequence.

A List of *Possible* Project Topics
(All Must Be Rated "G" ☺!)

Serious & Comedy/Spoofs Topics:
Documentary on a Sports City
Informational Teaching Video
Comedy Newscast (SNL)
Home Shopping Network Show
Spoof/Re-enact on a Scene from Monty Python
Commercial for a Vacation Spot
Teenage Suicide
School Parody
Drinking & Driving
Joining the Armed Forces
Sports Announcers
Movie Spoofs
